Subject: Request for Reconsideration of Denial of Request to Extend National Remedy Review Board Date

Dear Mr. Edlund:

I am the in-house project manager for International Paper for the San Jacinto Superfund Site. Attached is a letter from International Paper requesting reconsideration of Region 6's denial of International Paper's and MIMC's March 12, 2014, request to defer consideration of the San Jacinto River Waste Pits Superfund Site from the April 28, 2014, National Remedy Review Board ("RRB") meeting to the June 2014 meeting. As explained in the attached letter, there would be no prejudice to EPA's decision making from deferral of the RRB consideration until June, as the extension would still preserve the schedule initially agreed to as part of the feasibility study ("FS") and would be consistent with the Region's plan to select a remedy by September 2014. You will also note that the FS will be submitted today.

Please call me if you have any questions regarding the attached letter.

Thank you.
